

Mathematics Communication Rubric
Grade 1

| | 4 – Mastery * | 3 – Proficiency * | 2 – Approaching * | 1 – Beginning * |
|--|---|---|---|---|
| |  |  |  |  |
| Mathematical Vocabulary | I use all the right words. | I use the right words. | I use some of the right words. | I am not sure of the right words. |
| Mathematical Representation (Graphs, plots, charts, tables, models, diagrams,...) | I know what to make in detail. I could make it in more than one way, and I'm right. | I know what to make and it is right. | I think I know what to make, some of it is right. | I am not sure what to make. Or I tried but it wasn't right |
| Explanation | I can explain what I know in more than one way and they are all right. | I can explain how I know and I'm right. | I can explain it correctly a little, but I get mixed up | I am not sure what I mean |
