

Saskatchewan Rivers Public School Division

Excellence for Every Learner

June 17, 2024

Board Highlights

Year End Congratulations and Celebrations

As the 2023/24 school year comes to an end, the Board wishes sincerest congratulations to all of our SRPSD graduates in the Class of 2024. The Board recognizes the hard work and determination you all have shown to achieve your High School Diploma and they wish you all the best in your future! The Board also was pleased to hear of the 2 Saskatchewan Rivers students who are the recipients of the Schulich Leaders Scholarship. Abigail Kyliuk from W.P. Sandin Public High School in Shellbrook and Sahas Mittal from Carlton Comprehensive Public High School both received \$120,000 scholarships from the organization to pursue their university studies.

The Board also recognized long serving and retiring staff at their annual recognition banquet earlier this month. The Board expressed gratitude for the people who work hard everyday to ensure SRPSD is doing what's best for students. To our retirees, congratulations on this next step, the imprint you have had on our schools and the students you served will not soon be forgotten.

The Board also wishes the entire SRPSD community a joyful, restful, gorgeous summer, and cannot wait to welcome you back to our 1st choice schools in the fall.

TRC Report

Superintendent Jennifer Hingley presented a summary of the work SRPSD has been doing to meet the TRC Calls to Action as a division. She highlighted the work being done by the leadership team in anti-racist/Anti-bias education and how this work is being done with staff in schools as well. The presentation also highlighted the Land-Based Learning that has thrived in the division this year. Shifting educational practices to include and honor Indigenous perspectives is essential to meet the Calls, but also essential to meet the needs of our community.

Community Engagement Annual Report

The Board also heard from Superintendent Garette Tebay who presented the Community Engagement Annual Report which highlighted the work being done in the school division to engage and partner with the SRPSD community to promote learning and development from our earliest learners to our graduates. The report highlighted work with School Community Councils and the Saskatchewan Rivers Students for Change group, as well as the many community partnerships the division has fostered. Finally the report gave an overview of the Division communications for the 2023-24 school year. Highlights of the communications is the growth in social media following, and engagement in campaigns that raise the profile of the incredible work done in SRPSD schools.
