

Jill Brown - Subdivision 3

My name is Jill Brown. I live in the Rural Municipality of Garden River with my husband and three children. I am proud to have attended Meath Park School for my entire public education. I have a Bachelor of Fine Arts in Film and Video Production from the University of Regina. This gave me the opportunity to work on productions such as Corner Gas. Presently I'm a small business owner and Farmer. My children now attend Meath Park School. For the past 5 years I have sat on the Meath Park School Community Council, 2 of them as secretary. I am also involved in several other rural organizations.

I care deeply about rural education and I would like the opportunity to represent my community as their elected trustee on the SRSD board.
