

Tim Yeaman

I live, work, and reside here in the beautiful City of Prince Albert, my daughters have gone to school here and I am enthusiastic about bringing the best to everything I do while living here. I continue to work with the greatest of integrity in my position as Parks and Open Spaces Manager within the City of Prince Albert. The opportunity to make and be involved in generational change starts with myself. How I serve, how I communicate, how I treat others, is a direct reflection and commitment to our schools and our teachers while recognizing more than ever the need for strong leadership and a voice that is not afraid to be heard on some of the toughest challenges facing schools and teachers today. The ability to bring outside the box thinking, integral partnerships that enhance and build on what teachers are doing well already with the opportunity to provide additional supports to enhance the future of teaching in our district is crucial to success moving forward. Given the opportunity to serve as a School Board Trustee I plan to set my sights and to be a positive voice in creating legacy changing moments that enhance our school district, bring about meaningful change and supports for the students and teachers alike and to act with integrity and honesty in all that I do. Our students and teachers deserve the absolute best, they deserve to be heard, supported and for that I am deeply committed to giving my absolute best.
